Re: Equus Medendi

To Whom it May Concern:

I am the Co-Founder and Co-Director of the Trauma Resource Institute. During the last year, I have had the honor and pleasure to meet Angie Sheer and Jeff Allen through their work with veterans at Equus Medendi. I have also had the opportunity to speak to veterans who have benefited from the amazing work they both do to help heal the invisible, and at times, not so invisible wounds of war.

The veterans shared with me that the relationship that developed with the horses has been life-changing and for many, the only intervention that has reduced their PTSD symptoms. At a time in our National history, when thousands of men and women are returning from the Iraq and Afghanistan wars, we must have an array of interventions to help our warriors and veterans return to civilian life. Equus Medendi provides one of the exemplary interventions that deserves our support.

Please feel free to contact me if you would like further information about how Equus Medendi serves our Nation's veterans and warriors.

Very truly yours,

ELAINE MILLER-KARAS
